EMPLOYMENT

APPLICATION DEVELOPER @ SOLIDABIS

Java, Spring Framework, Angular, TypeScript, Node.js, Docker, REST,

2019 Worked on the full stack of a microservices-based system, primarily with Java in the back end and Angular in the front end.

DEVELOPER @ ANDERS

Python, Django, JavaScript, HTML, CSS, PostgreSQL, Oracle RDBMS, MySQL, Travis CI

2018 Work focused on open source contributions for the City of Helsinki and requirements gathering.

2017 Multiple projects out of which contributions to the City of Helsinki are public projects hosted on github.com, mainly public APIs.

2016 Started branching into other projects finishing new features and doing maintenance work. Elected as health and safety representative.

2015 Worked on improving internal documentation as well as mentoring others on using version control (git). Started work on a comprehensive multisite project doing mostly integrations in the backend (Django) as well as some front-end development.

SOFTWARE DEVELOPER @ EUFRIS

Python, Django, Google App Engine, Big Data, JavaScript, HTML, CSS

2014 Worked as a consultant on location. Independently developed cloud-based inventory management software deployed to Google App Engine that replaced an earlier system. I decided to use Bootstrap on the front-end and the Python framework Django as the back-end. The project was completed in time.

2013 Developed front-end modules for educational software used by students and teachers. Also provided technical support. Developed some internal tools like automated deployment scripts and evaluated different big data solutions.

TRAINEE DEVELOPER @ SITE LOGIC

PHP, Joomla, JavaScript, jQuery, HTML, CSS, SEO

2012 Development and maintenance of several clients' websites based on the PHP CMS Joomla. Additionally worked with search engine optimization, mobile sites, image editing and customer service via email and phone.

OTHER

2011-2013 Part time employee at various HESBURGER restaurants primarily working as a cashier.

2009 Summer job at HOUTSKÄRBODEN selling fuel and various other tasks.

Earlier Working at family owned floristry business hauling supplies and operating machinery.

EDUCATION

ARCADA UNIVERSITY OF APPLIED SCIENCES

2015 Bachelor of Engineering, Information Technology, 240 ECTS

2012 Tutor

HELSINKI RUDOLF STEINER SCHOOL

2009 Matriculation Examination

200X Student council representative
